“I was taught by world-leading experts using materials that were up to date with the latest scientific findings.”
Vincent, Indonesia
About the University

As one of the top-ranked universities in the UK, Newcastle has a reputation for academic excellence, world-leading research and graduate employability. Get your career off to the best start by studying here.

Global reputation
Over its 180-year history, Newcastle has established itself as an internationally recognised University, with impressive accolades to its name. Not only is it in the top 100 most international universities worldwide (Times Higher Education World University Rankings 2016-2017), Newcastle is also recognised for its breadth of degrees, with 25 subjects in the top 20 in the UK (The Times and The Sunday Times Good University Guide 2018).

Research power
As a research-intensive university, it will come as no surprise that Newcastle is rated 16th in the UK for research power (Research Excellence Framework 2014). From pioneering medical and scientific breakthroughs to investigating global issues in health, the environment and society, the University’s research helps to transform people’s lives around the world.

World-leading experts
Newcastle’s teaching is inspired by its internationally excellent research, meaning you’ll learn the latest theories and techniques from leading academics. As one of the most research-active universities in the UK, you’ll also have plenty of opportunities to carry out your own research with support from experienced researchers.

International outlook
Campuses in Newcastle, London, Singapore and Malaysia, and a community of almost 25,000 students from 135 different countries make Newcastle a global university. When you finish your studies, you’ll join an international network of 180,000 graduates in more than 200 countries, so you’ll never be far from a fellow Newcastle graduate!

Graduates in demand
With high-quality degrees, a focus on developing employability skills and a strong reputation with employers, Newcastle University will equip you with the skills to become a highly employable graduate. Many of the University’s degrees are accredited by, and developed with, professional organisations, preparing you for the world of work and further study.

Prepare for your future
From CV advice and job interview workshops to the opportunity to connect with employers at recruitment fairs, you’ll benefit from the University’s award-winning careers support. Gain valuable experience and develop skills by taking part in the NCL+ Initiative, which includes extracurricular activities and placements.

“We are committed to diversity and are proud of our international outlook, with a student community that includes students from throughout the UK and 135 countries worldwide.”

Professor Chris Day, Vice-Chancellor, Newcastle University

Life on campus

With traditional buildings and modern architecture, Newcastle's city-centre campus is a beautiful place to study. Add in great social and learning facilities, and you'll find everything you need to have an amazing experience.

Your Study Centre

The modern INTO Study Centre is close to everything on campus from the library to the Students' Union, so you'll be part of the University from day one. It's been designed with you in mind, and it's where most of your classes during your pathway will take place.

To get you started the Learning Resource Centre has a range of books and study materials. You'll also find plenty of areas to study and socialise throughout the Centre. Want a break between classes? Just head to the INTO Café or one of the other 14 cafés on campus for a coffee or something to eat.

Support every step of the way

From the moment you arrive, our Student Services team will help you settle into life in Newcastle. Whether you're opening a bank account, planning a trip or have an academic question, they're here to help. For students under 18 we offer extra support and there's even a 24-hour telephone helpline if you need to speak to someone during out of office hours.

Investment in great facilities

The University's campus is built around you, and thanks to multimillion-pound investments, is always evolving to give you a great experience.
- Four libraries including the award-winning Philip Robinson Library, open 24/7, plus specialist law and medical libraries.
- IT facilities to support your studies include over 2,000 computers on campus, support staff and access to Blackboard, an online learning resource system.
- Newcastle has an excellent reputation for sport. Enjoy free Silver recreational membership of the Sports Centre, with access to all outdoor and indoor facilities excluding the Health and Fitness Suite.
- Access a range of resources in over 50 languages in the award-winning Language Resource Centre.

Get involved

There's more to campus life than just studying. You'll take part in an orientation programme in your first week which will give you the chance to meet other students. Parties, day trips and excursions organised by the Student Services team at the Centre will keep you busy the rest of the year.

With its own building in the heart of the campus, the Students' Union is the hub of social life. The Venue is the place to go for club nights and gigs, or there's Luther's, a trendy cafe bar hosting live music and quiz nights. NUSU Central provides a study space open 24/7, along with 180 computers and a cafe, Eat@Central.

200 clubs and societies, from Debating to DJ'ing, and Politics to Surfing
Discover Newcastle

Fun, friendly and affordable, Newcastle has a reputation as one of the UK’s favourite student cities. Come and discover the best places to eat, drink and relax!

INTO Centre and Newcastle University
Located in the middle of this compact city, you’ll never be far from the action. Shops, restaurants and bars are just moments away from where you’ll be studying. Also nearby on campus is the Hatton Gallery and the Great North Museum – why not check out an exhibition between classes.

Shopping
Over 600 shops in the city centre, including the UK’s largest city-centre based shopping centre, Eldon Square, just a five-minute walk from the campus. You’ll also find independent boutiques in the High Bridge Quarter, and designer names around the Monument.

St James’ Park
The home of Premier League football club Newcastle United is not far from the campus. There are also many other places to watch live sport including athletics at Gateshead International Stadium, and rugby team Newcastle Falcons at Kingston Park.

Quayside
Along the banks of the river, this bustling area is packed with cafés, bars, restaurants and a vibrant Sunday market.

Chinatown
Home to many Chinese restaurants and supermarkets, you’ll also find lots of international cuisine and fresh food markets in the city.

Sage Gateshead
See everything from classical to indie music by world-renowned artists here. If you enjoy going to gigs, our blog uncovers the five best music venues in Newcastle: www.myin.to/TopNewcastleMusicVenues

BALTIC
An impressive building showcasing contemporary art. You’ll have plenty of other opportunities to soak up world-class culture, with theatres, museums and art galleries across the city and on campus too.

Newcastle’s top five
1. Vibrant social scene
   Clubs, bars, comedy nights, late night cafés and more to keep you entertained.

2. Ideally located
   Great transport connections, including bus, train, plane and ferry, make it easy to explore the UK and further afield.

3. Perfect size
   A big city in a small space, you’ll never be far from the action.

4. Fun and friendly
   Welcoming, student-focused and safe, you’ll feel right at home here.

5. Multicultural
   Join a community of more than 6,500 international students from over 120 countries.

No.1 happiest UK city
(Flux Benchmark Survey, The European Commission, February 2016)

“Newcastle is a great place to study – you’ll feel instantly at home here. I’m having so much fun getting to know the city.”
Kezia Charissa, Indonesia
Completed International Foundation and progressed to Combined Honours at Newcastle University.

Home from home

With a choice of accommodation options, including student residences on the University campus and homestay accommodation with approved hosts, it’s easy for you to find the perfect place to call home.

INTO student residences
These purpose-built, modern residences are on the University’s campus, and next to the INTO Centre in the city centre. Living with other INTO Newcastle University international students, there are shared communal areas to help you make friends straight away.

INTO student residences
These purpose-built, modern residences are on the University’s campus, and next to the INTO Centre in the city centre. Living with other INTO Newcastle University international students, there are shared communal areas to help you make friends straight away.

Homestay
This is a unique opportunity to experience British life and culture first hand. You will have a private room in a carefully selected host’s home, sharing mealtimes and living spaces.

Supporting you
In our residences you’ll find staff available 24/7 to offer support, and we’ll also provide you with a 24-hour helpline telephone number. If you’re under 18, we offer extra support from on-site accommodation support staff or homestay hosts.

“I live in INTO residences on campus, and cook for my friends in our shared kitchen. It’s a good opportunity to learn about people’s backgrounds and cultures.”
Majd, Lebanon
Completed International Foundation and progressed to Biomedical Science at Newcastle University

**Want to improve your English?**

If English is not your first language, you may be worried about studying in a different language. Our Academic English course provides intensive preparation to help you succeed in your academic studies. We'll provide extra support in developing your English language fluency and study skills, helping you to confidently progress to your academic programme.

For more information, see pages 34–35.

**Get Ready for English online course**

You can also enrol on our online English course, helping you to practise and improve your English before you arrive in the UK.

To find out more, visit: [www.intostudy.com/newcastle/courses/get-ready-for-english](http://www.intostudy.com/newcastle/courses/get-ready-for-english)

**Placement options**

Completing a work placement as part of your degree will provide you with many advantages and help to enhance your employability.

- Develop real-world, practical experience in the industry you wish to work in.
- Gain a better understanding of your future career direction.
- Develop a network of industry contacts.
- Gain workplace interpersonal skills.
- Enhance your CV.

See the progression table for the programme you wish to study to check if this is an option for your chosen degree. To find out more about integrating a placement into your degree at Newcastle University visit: [www.ncl.ac.uk/careers/workexperience/placement](http://www.ncl.ac.uk/careers/workexperience/placement)

* The Combined Honours degree offers a diverse range of subjects including: Archaeology; Business; Classics; Education; English Linguistic Studies; Film Studies/Film Practice; Geography; German History of Art; Japanese; Music; Philosophy; Portuguese; Psychology; Spanish and Latin American Studies.

INTO helped me in bridging my transition from high school to university life, and assisted me in improving both my academic and conversational English.”

Jesslyn, Indonesia

Completed International Foundation and progressed to Media and Business (Combined Honours) at Newcastle University.

Want to find out more? Visit our website or for help with your application contact the Admissions team or your education counsellor.
Physical Sciences and Engineering

- Progress to Year 1 of a wide range of undergraduate degrees
- Benefit from learning in modern science laboratories at the INTO Centre

What will I study?
- Chemistry (20 credits)
- English for Academic Purposes (20 or 40 credits)
- Mathematics for Physical Sciences and Engineering 1 (20 credits)
- Physics (20 credits)
- Principles of Computing (20 credits)
- Study Skills and ICT (20 credits)

You will need to earn 120 credits to successfully complete your pathway programme. For detailed module descriptions, please visit: www.intostudy.com/newcastle/courses

Special features
- Benefit from practical learning opportunities including lecture sessions, talks in Engineering and use of dedicated laboratories with modern Physics equipment such as oscilloscopes and Van de Graaff generators
- Get a 10” Samsung Galaxy tablet – that’s yours to keep – with access to digital textbooks and interactive activities
- Learn in laboratories with Raspberry Pi kits where you can enjoy the practical applications of computer programming

Prepare to progress to a degree at Newcastle University:

Specialist facilities
- including 3D motion capture, robotics, nanomaterials measurement and engine testing

Top 25 in the UK for Civil Engineering, Electronic and Electrical Engineering, and Mechanical Engineering

Oirat, Kazakhstan
Engineering from Newcastle University and now working as a Project Engineer in Kazakhstan.

“The teachers prepared me well for university. It was a good introduction to writing lab reports and what to expect in exams. I really enjoyed my course, student life, and the experience of living outside my home country.”
International Year One

Start dates  
June, September and January

Programme length  
3 terms or approximately 9 months
4 terms or approximately 12 months

Class hours  
22 hours per week minimum

Class size  
Maximum of 25 students per class for English language teaching

Age requirement  
17 years and above*

Academic entry requirements  
Satisfactory completion of A-levels, an recognised Foundation programme, first year of an overseas university degree programme with good grades, or equivalent.

Portfolio guidelines:  
You will need to earn 120 credits to successfully complete your pathway programme. For detailed module descriptions, please visit: www.intostudy.com/newcastle/courses

English language entry requirements  
3 terms: IELTS 5.5 (with a minimum of 5.5 in writing) or equivalent
4 terms: IELTS 5.5 (with a minimum of 5.0 in writing) or equivalent

If you do not meet the minimum English language requirements you should apply for our Academic English course. See pages 34-35 for more information.

Start dates  
June, September and January

Programme length  
3 terms or approximately 9 months
4 terms or approximately 12 months

Class hours  
22 hours per week minimum

Class size

International Year One

Architecture

Progress to Year 2 of a professionally accredited undergraduate degree
Gain hands-on experience through practical-based learning in the INTO Centre Architecture Studio

What will I study?
Architectural Communication (20 credits)
Architectural Design 1 (20 credits)
Architectural Design 2 (20 credits)
Architecture History and Theory (20 credits)
Architectural Technology (20 credits)
English for Academic Purposes (20 credits)

You will need to earn 120 credits to successfully complete your pathway programme. For detailed module descriptions, please visit: www.intostudy.com/newcastle/courses

Special features
Learn through an open design-studio culture, with an emphasis on the development of manual creativity and design skills.
Benefit from practical learning as you're introduced to construction materials and technologies, research methods, and computer-aided drawing.
Attend degree shows, public lectures and research workshops at the School of Architecture, Planning and Landscape.
Gain insight into the real world of architecture through visits from external architects.

Prepare to progress to a degree at Newcastle University:

7th in the UK for Architecture
(The Times and The Sunday Times Good University Guide 2018)

Top 150 in the world for Architecture
( QS World University Rankings by Subject 2017)

Progression options

Business

Progress to Year 2 of an undergraduate degree at triple-accredited Newcastle University Business School
Learn how to apply theory in practice through project work

What will I study?
Academic and Professional Development (20 credits)
English for Academic Purposes (20 credits)
Introduction to Economics (20 credits)
Management and Organisation (20 credits)
Marketing (30 credits)
Quantitative Methods (20 credits)

You will need to earn 120 credits to successfully complete your pathway programme. For detailed module descriptions, please visit: www.intostudy.com/newcastle/courses

Special features
Benefit from practical learning including access to Mintel and business journals such as the Journal of Business Management, Marketing Week and the Harvard Business Review.
Learn to apply your knowledge through projects, including research, planning and writing a strategic marketing plan for a new product idea.
Consider the different ways in which data can be collected, analysed and presented, and become familiar with standard statistical packages such as Minitab.
Have the opportunity to apply for the Work Skills Placement Scheme at Santander Universities bank. If successful you will gain an understanding of how a bank operates and develop your business acumen, strategic thinking and teamwork skills.

Prepare to progress to a degree at Newcastle University:

Architecture

› Progress to a range of postgraduate degrees that develop critical thinking around your own interests
› Gain hands-on experience through practical-based learning in the INTO Centre Architecture Studio

What will I study?
Architecture 1 (20 credits)
Architecture 2 (20 credits)
Architecture, Culture and History (20 credits)

English for Academic Purposes (40 credits)

Professional Studies for Architecture (20 credits)

You will need to earn 120 credits to successfully complete your pathway programme. For detailed module descriptions, please visit: www.intostudy.com/newcastle/courses

Special features
› Have the opportunity to transfer into architecture from related backgrounds
› Attend degree shows, public lectures and research workshops at the School of Architecture, Planning and Landscape.
› Learn through lectures, seminars, group work and independent research that will introduce you to more complex architectural settings.
› Benefit from practical learning with projects that have elements of architectural design, urban planning and landscape architecture.

Prepare to progress to a degree at Newcastle University:

Top 5
in the UK for ‘research power’ in Architecture, Built Environment and Planning

(Research Excellence Framework 2014)

11th
in the UK for ‘quality of research’ in Architecture, Built Environment and Planning

(Research Excellence Framework 2014)

As an architect, with experience of teaching at the School of Architecture, Planning and Landscape, I believe the Graduate Diploma is a challenging, yet exciting programme. It encourages students to experiment, explore and develop their own architectural design philosophy by applying an interdisciplinary, holistic approach towards urban design.

Simone Bono, Module Leader, Graduate Diploma in Architecture

My portfolio
“The programme was challenging, but it made me more confident professionally and personally. I gained a lot more than I expected!”

Qiaoling, China
Landscape (Design Route) at Newcastle University.

“I believe that the INTO architecture programmes are the ideal platform for international students to get prepared for further studies at Newcastle University.”

Find the most up-to-date information here: www.intostudy.com/newcastle/courses
Business and Humanities

> Progress to an internationally-focused postgraduate degree in business, finance, journalism and more

> Learn how theory is applied in practice through guest lectures from industry experts

What will I study?

Business and Management (20 credits)
English for Academic Purposes (40 credits)
Financial Analysis (10 credits)
International Relations (10 credits)
Social and Cultural Studies (20 credits)
Study and Research Skills (30 credits)
Economics (20 credits)

You will need to earn 120 credits to successfully complete your pathway programme.

For detailed module descriptions, please visit: www.intostudy.com/newcastle/courses.

Special features

> Benefit from links with local businesses like cosmetics retailer Lush, and have the opportunity to attend guest lectures and site visits.

> Develop your independent study skills in semester 2, when you will have fewer formal classes and more one-to-one tutorial support.

> Benefit from individual and group tutorials in each subject where you will get help and advice on your studies in that subject.

> Research and write a 5,000 word essay related to your intended future study. Through the writing process you’ll have the support of a supervisor who will advise and guide you.

Prepare to progress to a degree at Newcastle University:

6th in the UK for ‘research power’ in Modern Languages and Linguistics
(Research Excellence Framework 2014)

97% of ‘research outputs’ in Business and Management Studies are internationally recognised
(Research Excellence Framework 2014)

INTO helped me to understand what the British education system is like, the methods of assessment and what is demanded of students. Without INTO my postgraduate degree would have been a real struggle.”

Anna, Ukraine
Graduated with MA International Business/Management from Newcastle University and now working as a Junior Consultant for PwC in Ukraine

Progression options

You can progress to more than 50 degrees at Newcastle University from this pathway. The following table provides information about the grades you need to achieve to be guaranteed a place at Newcastle University in September 2019.

As well as the degrees listed below, you can also progress to the degrees marked † on page 29 from this pathway.

† Previous study in a relevant academic discipline or relevant industry experience is required.
### Music

- Progress to a postgraduate degree at one of the best universities in the UK to study music.
- Study in a department where over 70% of Music research is ‘world leading’ or ‘internationally excellent’

### What will I study?

**Core modules**
- Creative Practice (20 credits)
- Harmony and Analysis (10 credits)
- Music in Context (20 credits)

**Study and Research Skills (30 credits)**
- You will need to earn 120 credits to successfully complete your pathway programme. For detailed module descriptions, please visit: [www.intostudy.com/newcastle/courses](http://www.intostudy.com/newcastle/courses)

### Special features

- Benefit from a dedicated MTD practice space as well as access to the University’s music practice facilities.
- Attend and participate in regular concerts given by students of Newcastle University’s International Centre for Music Studies.
- Become part of a vibrant music community, which has strong links with key music venues such as the Sage Gateshead, home of the renowned Royal Northern Sinfonia.
- Learn from music specialists and benefit from one-to-one tuition from experienced tutors and composers.

### Prepare to progress to a degree at Newcastle University:

- **£4.5 million investment** in purpose-built Music Studios.
- **75%** of ‘research outputs’ in Music are ‘world leading’ or ‘internationally excellent’  (Research Excellence Framework 2014)

### Progression options

You can progress to the following Music degree at Newcastle University from this pathway. The table provides information about what grades you need to achieve to be guaranteed a place at Newcastle University in September 2019.

<td></td>
</tr>
</tbody>
</table>

### Academic entry requirements

- A pass in an undergraduate degree or Diploma (3-5 years) with suitable grades.
- Relevant music background
- You will need to submit either a performance video or a composition portfolio, depending on your intended focus in the Creative Practice module, and a separate curriculum vitae (CV).

For guidance on the requirements, please visit: [www.intostudy.com/newcastle/music-grad-dip](http://www.intostudy.com/newcastle/music-grad-dip)

Pre-submissions that do not comply with the guidelines will not be considered suitable and applicants will be required to resubmit.

Academic English

- An intensive course offering rapid progress of up to one IELTS band per term
- Blend of traditional face-to-face contact and online learning
- A personalised programme designed to meet your individual learning needs, with five tailored study levels
- New 16 week course available in Summer 2018, preparing you for entry to pathways commencing in January*

Special features
- Develop the language fluency and confidence you need to progress to university.
- Gain the skills and knowledge needed for examination success.
- Familiarise yourself with subject content related to your future studies to help you prepare for your academic programme.
- 24/7 access to MyINTO, our interactive online learning platform, providing specially-designed, high-quality online materials that reflect what you study in class, giving you the flexibility to study at times that suit you and study alongside other students outside of class.
- A standardised online assessment, developed in partnership with Cambridge English, to test all four core language skills throughout your studies enabling your progress to be accurately monitored.
- Continue to develop your confidence and fluency outside of the classroom through a range of less formal learning opportunities, including a diverse social programme.
- Improve your language skills pre-arrival with free access to INTO’s Get Ready for English programme.

Rapid progress
The speed at which you develop will depend on how long you study with us, your current level, as well as how engaged you are. If you attend all of your classes, complete the exercises set by your teachers and make full use of our digital learning platform, you can expect to progress by up to one IELTS band per term.

Progression to academic study
Once you have reached the level required and met all other requirements, you may progress to your INTO pathway programme. You can also use your test results from Academic English for entry to Newcastle University.
